

Second Grade Behavior Management Plan

Deer Point Elementary School is excited to be a Leader in Me school. This is a highly regarded process with an outstanding reputation for helping students (and adults) take charge of their own growth and actions in all areas of their life. The process is based on the "7 Habits of Highly Effective People" by Steven Covey. Our behavior plan will be based around helping students to become more self-aware of their actions and being able to make choices that will benefit themselves as well as those around them. (Think Win-Win)
